PANEL BLIND SYSTEM

Manufacturing Formula

(Number of panels minus 1) x 70mm) + Original Size / Number of Panels

Say a 2050 track with 4 panels: $3 \times 70\text{mm} = 210\text{mm}$

$210\text{mm} + 2050\text{mm} = 2260\text{mm}$

$2260\text{mm} \div 4 = 565\text{mm}$

Deductions for rack including install Bracket = 25mm
